Honors Language Arts 1 AB is designed to prepare students to read grade-level appropriate literature as well as informational texts. Based on the Common Core Standards, this course provides students with the skills and knowledge to become critical readers and writers by analyzing key ideas and details, craft and structure, and the integration of knowledge and ideas in literature and informational text.

Students will develop their writing skills by examining text types and purposes and by writing arguments, explanatory/informational texts, and narratives. Using the full writing process, students will learn how to produce and distribute quality writing using technology’s capacity to produce, publish, and share writing products. Students will conduct short research projects and will participate in a range of collaborative discussions integrating multiple sources of information. This course will advance students’ knowledge of the conventions of Standard English and will strengthen vocabulary acquisition and use.

**GOALS (expected performance outcomes for students):**

Students will:

1. Demonstrate independence by comprehending and evaluating grade-level texts across a range of types and disciplines so that they can construct effective arguments and articulate their own ideas.
2. Build strong content knowledge by reading purposefully and listening attentively in order to engage with works of quality and substance.
3. Respond in speaking and writing to the varying demands of audience, task, purpose, and discipline.
4. Engage in open-minded, but discerning conversations surrounding texts in order to question an author’s or speaker’s assumptions by assessing the veracity of claims and soundness of reasoning.
5. Use and value evidence when supporting their own points in writing and speaking, making their reasoning clear.
6. Use technology and digital media strategically and capably.
7. Appreciate that the twenty-first-century classroom and workplace are settings in which people from often widely divergent cultures and who represent diverse experiences and perspectives must learn and work together.
8. Vicariously inhabit worlds and experiences much different than their own by reading classic and contemporary works of literature representative of a variety of periods, cultures, and worldviews
